Section 2. STATEMENT OF INTENT

Do you own the land on which the proposed point of diversion/withdrawal is located? ☒ YES ☐ NO
 If no, do you have legal authority to make this application for use of another's land? ☐ YES ☐ NO

Briefly describe the purpose of your proposed project: Obtain a water-budget neutral/mitigated water permit to enable Kittitas County Water District No. 5 to have an adequate permanent supply of additional water needed to serve the expansion of the Kittitas County Fire District No. 7 Station No. 73, off of Golf Course Road Exit 78/1-90 ("KCFD7"). KCFD7 Station 73 is within the approved service area for Water District No. 5. This new permit authorizing withdrawal of 1.2436 acre-feet per year will be mitigated by water purchased from the Suncadia Water Bank (see attached contract). Such mitigation water will mitigate all consumptive use associated with this new permit, resulting in a permit and project that is Water Budget Neutral.

Under WAC 173-539A-060, Ecology can expedite the processing of this application.

Anticipated length of time to complete your project: Five years. Time is of the essence, and construction of the new/expanded station needs to begin ASAP.

Water Use List all purposes for which water will be applied to a beneficial use and list quantity required for each.
